Returns To #STLV

August 6 – 10, 2025

creationent.com

On behalf of the INGLORIOUS TREKSPERTS, we'd love to welcome you to Creation Entertainment's STLV: TREK TO VEGAS celebrating 59 years of Star Trek. And for seven years, the Trekspersts have been celebrating everything Star Trek along with Trek adjacent sci-fi franchises as one of the most successful and influential Trek podcasts around.

We are delighted to once again be back in Vegas to bring you exclusive panels you won't see anywhere else as part of four days of highly curated programming devoted to both the talent that makes these shows and the fans that love them.

We go beyond the actors to introduce you to the directors, writers, producers, critics and fans who are at the heart of what has made this franchise so special since its inception. In addition, we'll take you behind-the-scenes of several other incredible sci-fi franchises that were inspired by or inspired Star Trek including the 45th anniversary of Flash Gordon (1980), the 30th anniversary of Space: Above & Beyond, the 50th anniversary of Land of The Lost as well as the 50th anniversary of Space: 1999. We'll also be doing a deep dive into the many unproduced Star Trek projects that were developed, but never made in the franchise's long history. To steal a phrase, we hope you find it fascinating – and a true Trekucation.

So sit back, enjoy... and welcome aboard.

LLAP,

Mark, Daren & Ashley (a/k/a The Inglorious Trekspersts)
